Leading flavour houses

We operate as a trusted distributor for various local and international flavour houses with highly quality of product.

With long time experience in flavour business, we supply wide variety flavours in liquid and powder forms. Technical support, updates on new trends in food and beverages are the services delivered to the customers.

Savoury and Beverages development

From Korean beef bbq to cendol beverages, the development of flavour is experiencing an advance demand caused by media and international culture exposure. Thus, food and drink products need to adapt and adjust in an agile way.
